“ *Dear Armand,  
It is with deepest sadness that I send my condolences to your family.  
Your mother was one of the dearest ladies I have ever known. I feel very privileged to have had some wonderful visits with her over the many years she was in my life. From the visit at Mum and Pup Larsen's when you were a small boy-- to our phone calls after Carl and I moved to Fredericton.  
Thoughts of Glenna will always bring me happy memories.  
Lots of love to all of your family, Louise Anderson*
