“ My condolences to Andrew on hearing the news of the recent passing of your dad. I have very vivid memories of his patience and guidance to you, me and Andrew D on accepting to take us on the 3-day sail around Lake Ontario to fulfill our expedition portion of our DoE Gold Awards. Sure, he would have preferred to have been sailing solo! He was a great person. Thoughts and prayers are with you and the rest of the Good family at this time.

“ I remember my father (Jack Smith, Smith Bros Motor Bodies), always speaking highly of Gord as an employee of Smith Bros and as a friend. My condolences to Gord's family.

“ Dear Carol and family, I worked with your Dad at Sturdivants in Galt, and baby sat you when you were born. When Dave and I got married and moved to Hamilton your Mom and Dad found us our first apartment right across the street from them. We spent many good times together. We still use the salad bowl set they gave us for a wedding present.

You and your sister were a delight to look after when we spent time together in Hamilton..

Our thought and prayers are with you and the family.

“ *My mother, Barbara Davison met Kay and Gord Good when they lived on the same street with toddlers in baby carriages in Burlington in 1956. When I arrived shortly afterwards, the Goods and Davisons spent a lot of time together until we moved away in 1966. When I moved to Toronto in 1984, my mother INSISTED I contact Gord and Kay to reconnect our families. Gord learned of my love of sailing, and I was invited to crew regularly on weeknight races at the RCYC. I have memories of many fun evenings and occasional weekends with the Goods on Toronto Island. Gord was a kind and patient father, and a wonderful role model. My condolences to the family.*

“ My heartfelt condolences to all of the Good family, their spouses and children. I am grateful to have known both Kay and Gord through friendship with their children. Gord was always quick to laugh and genuinely interested in everyone's lives and adventures and took pleasure in discussions on many a topic. A "gentle man", whose many attributes will be inspirational to everyone who had the good fortune to know him.

“ I was a friend of Gordon's daughter Heather and had the chance to go sailing with Heather and Gordon on their Corvette. Apparently Gordon was periodically in trouble with the RCYC because he wouldn't wait patiently to disembark from the launch through the approved gateway but rather would leap over the railing onto the dock so that he could get going. I've always loved that story.

My condolences to Heather and the rest of the family.
