

Mrs. Greta Helmi Hoppe

October 28, 2014

Greta left this world on October 28, 2014, at the age 96. She was born in Tartu, Estonia. Greta came to Canada where she married Erik Hoppe. It was a marriage of love. Together they travelled and saw the world. When Erik died, Greta lived independently at Eesti Maja. She enjoyed travelling with friends, swam daily until her death and was an avid supporter of wildlife. She will be missed by her nieces, godchildren, other family members, as well as by many good friends. Her ashes will be scattered in an ocean, as she wished. There will be no funeral. If you wish, please donate to an animal fund. As you know, Greta enjoyed animal life and nature. She would have appreciated your generosity. Thank you from her family.
