

Mr. Harvey Roy Kirsch

August 11, 2010

Passed away unexpectedly at St. Joseph's Health Centre on Wednesday, August 11, 2010. Father of Sabrina and Cory, and proud Grandfather of Sabrina and John Fannon's twins, Megan and Colin. Survived by twin brother Ivan. Harvey obtained a diploma in electronics which opened the door to interesting positions in radio and film studios. Photography became a passion which he explored through 35mm, medium and large format photography. He founded Pickering Camera Club in 1990 and plunged into the world of digital imaging when it was still in it's infancy. He developed a website on the Rouge River, ambitious in scope and quality. Living in Pickering until 2003, he grew to care deeply about nature and advocated for it's preservation. He then moved to Parkdale in Toronto, continuing to work part time until 2008. He expanded his photographic explorations to include High Park and Lakeshore, advancing his craft and adding high quality images to his website. He remained very active, in fact he was out photographing the day before he passed. He touched many people in different ways with his generous and caring spirit, helping family and friends upgrade their computer systems. He often stirred up debate with his spirited opinions. His greatest joy in his latter years has been spending time with his grandchildren, the Twins, Megan and Colin. Their Grandfather truly loved them.

Thank You for everything that you did to thrust me into the world on your River Nen Web Site, We shall never forget your soft and loving way and the kindness that you shared with us on your journey to educate the world about the natural world and Aboriginal ways of life. We will never forget you my dear friend and we will hold a sacred ceremony to give your life honour and to simply remember you in a good way.
