“*Condolences to the family. I knew Inge way, way back when she was in high school(Parkdale Collegiate). We were not close friends but always friendly to one another. After high school we went our separate ways and never regained contact. I don't know if she ever thought of me but I know she would pop-up in my memory every so often over the years. I remember her as being, very intelligent, active, interesting and very attractive. She loved the sun, Wards Island was a favourite haunt on weekends and I would see her there often, usually with her mother. I am very sad that she has passed but I promise to not let her memory fade away too quickly as I expect most who knew her would do.*

“*To Wes and family:*

I am writing on behalf of Erica Bissinger (Stark). Erica met Inge when she was working at Vacances Provençal Vacations about 15 years ago. She told me often how fond she was of your Mom. When she and David were in Australia for a year, she worked with your mother-in-law trying to increase the business.

Unfortunately, Erica is no longer with us: she was killed last November when she was walking on the sidewalk and hit by a van whose driver lost control of her vehicle. We all miss her so much, especially David and their three sons (Dylan, age 12, Gavin, age 10, and Matthew, age 7)I know that she would want to be in touch with you.

“ *I was shocked and sad to read of Inge's passing.
We met in the aquafit class at the condo several years ago.*

*Inge often told stories about her growing up in Germany, her early days in Canada, and much more. The stories, to me, were always fascinating and usually very funny.
Also, she loved to talk about a good book she was reading or a film she had seen.
Inge lived her life to the full. She will be sadly missed here at 980.*
