“ *My Grandpa Jim was one of, if not, the most caring person I've ever known in my life. My brothers, sister, and cousin idolized him throughout our entire lives and will continue to.*

Grandpa was the type of person that would do anything for you, he was very naturally funny, incredibly wise and full of so many stories that you could sit and listen for hours. You can ask any one of us grand-kids and we could go on forever about just how much of a role-model he was.

When we we're kids, we would always get excited to go over to Grandma's and Grandpa's. Walking through that door, running and jumping up into Grandpa's arms, hearing that laugh that sounded like it was coming from the bottom of his very heart and soul, it always filled me with joy. Visiting with them was one of the highlights of my childhood, it meant endless fun, amazing experiences, and most of all it meant being loved.

Thanks for everything Grandpa, we all love you so much.

Keep on riding.

“ Jim Kitts was one of the kindest men I've ever met. We all hung out together in our twenties and he was always there for anybody that needed any help with anything.. I have long since moved away but I have never forgotten him and we actually got reconnected through Facebook and I was able to call him and Wendy and have a nice chat. Jim I know you're up there riding your Harley in the sky!.. ride on brother we will see each other again one day! 🙏🥹❤️👉

“ Jim Kitts my beloved husband, best friend, soul mate & the love of my life forever & always (I was always be your babe). When I watched you take your last breath was the darkest day of my life, I lost half my heart that day. You are back with me now just in a different way. I will no longer be able to give you our big warm hugs, our daily kisses throughout the day, our hand holding, our daily & constant "I love you BIG TIME!". I will miss our walks/hikes, canoeing, fishing, touring on our Harley for hours, or just going for a ride in the car where we always made it an adventure while creating beautiful, fond memories, which I will cherish forever. I will miss the two of us just sitting side by side enjoying each others company whether we talked or just said nothing. Every moment with you was precious & will always be cherished forever in my heart. You always made sure I was protected, loved & provided for, you always put me first. You loved your family so much. The 3 boys & 5 grandchildren meant everything to you just as you mean everything to them. They know how blessed they were to have you in their lives.

Whenever you met Jim, he was caring, kind & would help anyone in need. He had such a big heart, he gave it to everyone. We always loved spending time together, we were inseparable. We never liked doing anything unless we did it together. Your hobbies & likes became ours & my hobbies & likes became ours. Our most favourite hobby and like was touring for hours on the harley to wherever we wanted to go. Continue to enjoy riding wherever you are & I will join you at some point in time, where we will continue our touring together. You & I made a promise together many years ago to always hold hands & walk the same path together whether good or bad, we both kept that promise. I held your hand & walked along beside you until the end when I finally had to let your precious hand go (it truly was hard). I will continue to carry on the promise we made for us both. You & I will be forever embedded in each others hearts. You are & will forever be truly missed by everyone who had the pleasure of knowing you. My heart breaks as I am writing this. My comfort is knowing one day our hearts will be joined again & I will be with you once again never to leave your side & be back with the love of my life, best friend, soul mate & the best husband

*anyone could ever ask for. I am truly blessed to be your wife.
Until we are together again, your loving wife (Babe) Wendy.*

*I will continue to say throughout the days "I LOVE YOU BIG TIME"
XXXOOXXX*

“ Thank you Jim for being a great dad to myself and my brothers. Even though you came into our lives when we grown you never failed to be there when we needed you. You were the absolute best grandfather to my kids and they all looked up to you. You always had 4 sacks of potatoes to sell with them.

I thank you for taking care of my mom like you did. You showed me what love truly is. You will be missed by everyone but especially your family.

I love you.
