

Mr. James Edward Newton

April 10, 2017

A few words: I found my dad when I was 28yrs old and he's been in my life ever since. He was a kind, generous man and helped out anyone in need. He spent every day in the lobby of his building visiting with a group of friends and his buddy Jim Brown especially. They sat in the same chairs day after day.

The Toronto Blue Jays lost one of their biggest fans of all times. He loved baseball, hockey and reading. He donated over 1,000 hard cover books to the Bowmanville library before he passed.

Me (Linda Tyler) along with my daughters Kendra and Jenna will miss his phone calls and his sense of humor

Rest in peace dad. We love you forever!!
