“ *Very sorry to hear of Janice's passing. I spoke with her twice while she was in intensive care at the hospital. The first conversation she was in good spirits and said she was going outside for a while each day, and that she was being well cared for, but didn't have the energy to talk very long. The second conversation was the day before she passed and she tried hard but it was difficult. In my mother's later years Janice and my mother were close and had many phone conversations. My sister Pat and I visited Janice a few years ago at her apartment in Whitby and had an enjoyable visit learning about our family tree. Janice was a wonderfully strong and caring cousin. Goodbye cousin. My family and I are thinking about Janice's family at this difficult time. Take care.*
