“ I remember Jason as a lively and lovable soul who always had something to say on the topic of the day, in his unique and entertaining way that. We often talked and I miss that. My wife Mary Fran had also met him and shared my enthusiasm for his outgoing personality. Condolences to his family so late but I just heard. As a longtime member of the ROM family and a friend he is and shall be missed.

“ Karen and I are sorry to learn of Jason's passing as he was as much a fixture at the ROM as many of the rest of us. Will always remember our spirited discussions about the state of the Museum and the world. Hope he was able to enjoy the years of retirement that he had.

“ Our heartfelt condolences for your loss. Jason was not only a colleague to myself and my husband, but a friend with whom we shared many a laugh, meal, and rounds of golf. We are saddened that he has been taken from us so soon and pray that his pains are now eased. We have lost a true 'gentle man' with a heart of gold, always a helping hand, and an oh so easy smile.

“ Truly, truly shocked and sad to hear about your loss, and our loss, of Jason, and I send condolences. He was one of the most pleasant people at our workplace: always helpful and cheerful. The photograph adjoining this shows him as we always saw him, with a genuine smile. Jason was knowledgeable about his job, and it was always a pleasure to chat with him about sports or a current issue. Know that he was both liked and respected at our institution.
