

## Mrs. Jean Olga Jeans

September 13, 2015

Jean Jeans passed away peacefully on September 13, 2015 at the age of 92 while holding her youngest daughters hand.

Jean was a wife, mother, sister, sister-in-law, aunt, grandmother and great grandmother. She had quite a large extended family as well. Many people considered her their aunt, second mother and/or confidante.

She was a professional knitter who's talent touched many. She donated a lot of her knitting to the homeless, children in need, and the church. She was always knitting and often joked about being buried with a ball of yarn and knitting needles.

She was a very proud Newfoundlander who knew the extensive history of the island and it's people. She would talk about it to anyone who would listen. You always walked away knowing more than you came in with.

Many people looked to Jean for both guidance and a good laugh. Whenever anyone needed to know something, they knew they could call her and she would have or find the answer.

She had a great sense of humour that stayed with her right to the end.

She will be missed by many.

MV

“ Aunt Jean was a "Great" Lady. We had many a great laugh, shared many good times. always a smile, many stories of old times in NL, she Loved her homeland and was very eager to converse about it. If you wanted to know something, just give her a call, if she couldn't answer you right then, she would find the answer in many of her notes & old papers. A great historian of the Northern Peninsula. Her Memories will live on , because in conversation , we will say, as Aunt Jean would say, and give her quote.  
Lots of Love, and God Bless you Aunt Jean.  
WE will never forget YOU.  
Mikki, Ralphene, Steve, Quinn, & Aidan.

“ She was a great person, always a laugh and a few jokes to tell. I will miss our visits with her, when I'm in Ontario.  
RIP. Aunt Jean, you deserve it, & to the family,her memories will live on.

“ *What can we say about our Aunt Jean. First and foremost I guess she was one in a million, with always a smile and of course a chuckle when you were in the same room with her. We spent lots of time with her when we lived in Ontario and always stayed in touch by telephone/snail mail once we moved back to NL. We will always keep the memories close to our hearts of you. I can only imagine the chats and yarns being told now with you and your buddies in heaven. God Bless you Aunt Jean, love you today and always.  
Love Stephen, Annette & Michael  
Jackson's Arm, NL*
