“ To Joan's family: I have wonderful memories of your mom, so tall and such a distinctive voice. My mom Bea Brown worked with Joan at the A & P at Lawrence and Warden and she was a great friend to my mom and my dad, Bob Brown. They were so proud of her determination when she joined Toronto Police. She was an inspiration to me when I joined in 1971. She was so well respected on the job. I last saw Joan at my mom's memorial service in 2011. It was so wonderful to see her and catch up. My condolences to you all. She wii be missed.
