

Ms. Joan Patricia Oakley

November 27, 2011

Joan Patricia Oakley RN, BScN

February 1, 1940 - November 27, 2011

In celebration of a life well lived, we announce the passing of Pat Oakley, RN. Descendant of pioneer families of Melancthon Twp. Born in Shelburne, Ontario. Eldest daughter of Clarence Elgin Shoaff and Willa Bennington. She will be greatly missed by her mother, partner Ken Rose, sister Betty and nieces and nephews. Pat graduated from Guelph School of Nursing and practiced at Doctors Hospital and Etobicoke General Hospital. A Celebration of her Life will take place at Metropolitan Community Church of Toronto , 115 Simpson Ave. Toronto at 2:30 pm on Saturday, December 10, 2011. Her spirit will live on.

“ Betty.. I don't know if I am too late. I found this by accident. Do you remember Sandra Mougene! Shelburne. I remember all the fun the three of us had as kids. I imagine we gave a lot of people gray hair. I was so sorry to see where Patsy passed away. If you get this and you can give me a call please do so . Sandra Porter
506 472 7475 I would love to hear from you.

“ Pat was a cousin whom I found after many years and we shared many jokes on the internet and shared a lot of family geneology. I shall miss her dearly. May she rest in peace.

“ I remember Pat as the Unit Manager on the 8th level at Etobicoke General Hospital in the early 70's. At the time, I was a clinical instructor at Humber College and I had the privilege of planning and implementing the nursing experience for the first group of nursing students to obtain their field experience at EGH. Because of her support and personality, I looked forward to coming to work each day on the unit. It was the beginning of a long relationship between the College and EGH. Pat was very interested in the needs of students and in providing excellent care to the patients on her very large unit. It was a memorable time as we shared the same values regarding patient care and worked hard to resolve the issues to ensure a safe learning environment for the students and a safe care-environment for the patients.
Please accept my sincerest sympathy but be comforted that her memory lives on.
Eleanor Fiorino, RN, BScN, MEd.

“ As a nurse and friend I remember Pat as a jovial fun to be with gal. We always managed with two other friends Maggie and Bea to get together for a hilarious luncheon and tennis on an annual basis. She will be missed by all.

“ On behalf of the North York Horticultural Society, where Pat was the membership director for 5 years 2003-2007, I'd like to express our deepest sympathy to her family. She was a great asset to our society as her organizational skills, willingness to help and pleasant personality added much to the work of our board of directors.
