

John Donald Bray

September 11, 2023

It is with a heavy heart we share that our beloved John Donald Bray passed away on September 11, 2023. John was a loving/devoted son, brother, husband, father, grandfather and great grandfather.

Sadly, John was predeceased by his son Stephen.

He was and always will be Susanne's lifetime love of over 64 years; they shared an incredible life and journey together.

His personal and recreational accomplishments are noteworthy: be it in the kitchen, the house, the woods, the cottage, the curling rink or as an active member of Probus.

Professionally, he was a man of Science. He carried this responsibility with him until the day he died, through his involvement with cancer trials and research. His commitment will almost certainly lead to additional years in the lives of the loved ones of others.

We are proud of you, John, and we will dearly miss you. Be at rest now.

Rather than flowers please send donations to Canadian Cancer Society or the Ian Anderson House.
