“ *Although I had not seen John for many years he was a dear friend. He was a very thoughtful person always thinking of others. He was a social worker for many years. His greatest passion was music. He had a beautiful tenor voice and was very gifted musically. He also sang in the high school choir at R H King and usually always sang a solo. He also had sung in a band. In his younger days he was very involved with cubs and scouts.. . John was my first boy friend back in public school. Although I had not seen him in many years I will miss him very much. He was a good friend and person. RIPmy dear friend. I miss you. Now you can sing again my dear friend*

“I am going to miss you so much”
Words I spoke to you days before you left us.
As much as COVID was a curse for anyone with COPD, it brought us closer over the last 5 years.
I miss our daily phone calls and weekly visits, checking to make sure you were ok and trying to break up your isolated days.
I will miss singing with you. What harmony we had.
You are able to breath deeply now and the pain is finally gone.
Till we meet again. Your sister, June
