“ Cheryl and Beth,  
My sincerest condolences for both of you. I was saddened to learn of Johnny's passing. Johnny was one of my favorite people in my journey through life. I was able to see him yet one more time as he passed through KC a few years back. As always, we enjoyed a meal together along with some beverages and shared great times together as I grew up. My son Jason was fortunate enough to meet Johnny and to experience his magnetic personality. He will be missed and is gone too soon. Fondly, Mark
