“ As Johns father, I have millions of memories of Him growing up but here are two.
A baseball game when John was 10 years old and asking his coach if he could pitch and always hearing “next week”. During a losing game the frustrated coach finally let John pitch...the team made a comeback and they won that game. John was the main pitcher at all the games for the rest of the summer and throughout his baseball life. It was such a thrill to see him smile and grow more confident at each game.
One day I asked John “who is your best friend “ and his answer was “you dad!”

“ As Johns parents, we will always share our love and stories of his life. My favourites: 1. It was John s high school graduation ceremony at the Civic Auditorium. A video machine on the ceiling turns on and a bright light shines down upon the dark arena and shines directly on John looking so absolutely handsome for all to see. It felt like the clouds parted and the light came from heaven. John was totally unaware he was on display for a full minute until the video started. What a proud moment for a mom!!! 2. At the age of 16 or 17 (the age when you have a drivers license) John once asked me “why do you always smile everytime I walk through the door!” We were so blessed and proud to be your mom and dad.

“ My deepest condolences to Stephanie, Skylar and Carter, as well as Jerry, Joanne and Greg. John was that guy that was so easy to talk to. Always smiling, making jokes and having a good time. His premature departure left a hole in our hearts. He will be forever missed ❤️ Carol

“ John is one of my best friends and we shared about 25 years of life together. I couldn't have asked for a better person in my life. From the moment we met in high school John was a great guy to be around, always very inviting and wanted to have a good time. We spent a good amount of time at his place playing pool and guitar hero in his basement. Throughout the years we were fortunate enough to grow and have beautiful families. We lost an amazing person and he will always be in our hearts. These few pictures show some of our history but there were hundreds and hundreds of times spent together and I will cherish all of those memories.

“ My condolences to his wife, children, parents, brother and family. In the short period of time I worked with John, he was nothing but a bright sunshine of happiness. He lit up every time he spoke of his children, wife and music. Nothing but smiles working with you John and you'll be missed.

“ I heard this extremely sad news about John, this week. He was a frequent visitor at our home in Oshawa 20 years ago when his close circle of friends included my daughter, Jenn. Although we live in New Brunswick now, we feel his family's pain. He was a genuinely warm ,always smiling, polite young man who made an impact on us so long ago and it's hard to comprehend he has left this world.

“ John and his family have been wonderful friends and neighbours, over the past six years.
John introduced himself and Skylar to us, soon after we moved in and he invited us to visit in their backyard.
Our kids enjoy swimming fun and gatherings at the Wessels' house.
They also looked forward to John's annual visit as the Grinch, on Christmas Eve, which is a special memory we will always cherish.

“ John, it was truly never a dull moment working with you at LCBO. You would come to LCBO after working your other job, and being a dad. Most people would be drained & anything but upbeat but you always had a smile on every time. You always brought the vibes up in & outside of work. I will be grateful for all of our chats, advice & laughs. You will be missed by so many people for a lifetime. ☐

“ Rest in peace brother. I first met John working at the LCBO when I was only 18 years old. Being that I was underage, once everyone left the break room after tasting a new product, he would always sneak me back in with a that smile on his face saying: hurry up try it before anyone comes.

We shared many laughs and good times over those years working together.

Until we meet again,

Better have the patron ready.

“ We were very fortunate to have John as our neighbour for the past few years. We will never forget his kindness and friendly attitude whether it was a simple “good morning” or waving as we left the driveway. We will miss John and keep him and his family in our prayers.

“ John was such an amazing man, he was so kind to everyone. And he had an infectious smile that could brighten anyone’s day. You could tell how much he loved you, Steph, and Skylar & Carter, you were his world. ❤️ I will always remember talking with him about the Leafs... And if they ever make it to the Stanley Cup, I will have John in my heart while cheering them on! 💙 xo

“ You have touched so many lives and have definitely left your mark on everyone’s heart John. Thank you so much for being my very first friend at the LCBO and all the great laughs we had during “hot tub nights” and the amazing Halloween parties. You will be forever missed and ALWAYS talked about. You live forever in Skyler and Cater!

“ I wish I could have spent more time with this wonderful human. Glen had his first play date at your place, and that’s the first time I met you both. I’ve had very few opportunities to do concerts since becoming a Mom, but of course when one of my fave bands was playing Budweiser Stage, John made sure to let me know... and attend it with me! He was my favourite person to talk music with and I only wish we would have done that more.

We had some great hang outs - play dates with the kids, Halloween parties - though too few and far between. Steph, Skylar, and Carter, my heart breaks for you. I know John must leave a legacy of love because he had a way of making everyone around him feel welcome. Rest in Peace, John ❤️

“ John was one of my best friends since I was about 17. I didn't even like him at first, but it didn't take long to become best buds. That's just who John was. He could make friends with anyone, and I loved that about him.

We had so many good time together, more than I can tell. I will never forget his presence and will miss him for the rest of the days I'm on this planet. He was one of a kind, RIP Johnny. Love you brother.

“ I couldn't have asked for a better brother to have. We shared so many mutual interests from music to movies. There was never a day that went by where we didn't talk, message, or send a funny pic or a video. He will be deeply missed by so many family & friends. Was the most genuine person I have ever known. Until we meet again baby brother I will love you with all my heart and never forget all the memories we have shared ❤️
