

Joy Anne Hodgson

January 2, 2026

Joy Anne Hodgson, passed peacefully at Providence Villa on Friday, January 2nd, 2026, after her journey with cancer, predeceased, by her father Rodney Hodgson.

Forever loved and missed by her mother Alice, sister Denise, brother-in-law Pat, John and family, nephews and nieces Jono (Samantha), Bryan, Ashley (John), Aiden and Declan, Bill (a brother in every way that mattered), and her many, many cousins, extended family and friends.

In our hearts we will always remember Joy, her kind and generous spirit and forever miss her coming into our kitchens with her smiling face and joyous laugh.

Denise and Joy grew up on Larwood and shared many wonderful childhood memories with Aunts and Uncles, cousins and friends.

Mom looks forward to being rejoined with her one day to put her arms around her and tell her how much she misses and loves her so.

A special thank you to Aunt Germaine, Bill and Jeff for being there when needed, and our heartfelt gratitude to all the wonderful doctors and nurses at Scarborough General Hospital and Providence Villa.

Deeply loved -Mom & family

“ Dearest Joy

During these last few years as you delved further into your Course of Miracles we had many, many discussions, usually over a cup of herbal tea that you prepared for me.

Your bubbly personality & your genuine interest in “the individual” has touched many people. As long as memory endures YOU will not be forgotten. Much love Aunt Germaine

“ Joy, I hope you have found the light and peace that you were searching for. I am so happy you found such great joy in being there for mom and dad in your later years. You loved your nephews and nieces and cousins and friends so much, and I know they brought you great happiness. You always told me you weren't afraid of death, I hope that was true in the end. I wish I could've been there with you. I will always treasure my memory of you through childhood, adulthood, good times and bad. You truly did make friends wherever you went, from all walks of life, and that's what made you so special. You were one of a kind Joy. I hope you're up in a big kitchen somewhere playing euchre with Dad and Grandpa and Grandma. Maybe Bertha has dropped by and you're making her a cup of tea, maybe other family, friends and neighbors that have passed from this world are also coming to greet you. I hope so. I love you and will always miss you Joy

“ Joy was such a beautiful spirit and she always showered me and my sister with love, with her hugs, smiles, congratulations, excitement about our happy moments, and understanding when things were hard. Her laughter, her singing, her cooking, her passion and her hugs will be what I remember most about her. We had so many fun times just hanging out on Larwood. Love and light my beautiful cousin, may you be filled with peace ❤️❤️

“ *It is such a strange thing to have somebody so beautiful and sweet one moment and then they're gone. I'm truly so sorry for your loss to all that knew Joy but mostly for you Alice and Denise. I will never forget that lovely laugh that Joy had. We are with you and your family*
