“ To Kenny's family ... I am an old friend of Kenny. We went to high school together and until today, I had no idea that he had passed away. I am so sad. We spent lots of time together at Lisgar. He was a star performer at our impromptu fund raiser concert. He was a good listener when things went wrong. He is the only person I know who knew all the lyrics to "Billy the Mountain" by Frank Zappa. We sang that story many times together. The last time I saw Kenny was at Vines in the Byward Market playing piano. We had a great visit. I remember his parents who were very special and kind to me. When great people die, it reminds us of our mortality. Kenny's death reminds me of the love we had for each other and the friendship that got me through some difficult times. And we did it with a lot of laughs, a lot of music and a feeling of trust in each other. Love to the family. He was a gentle soul who loved life.

“ Trudy,
I just heard recently about this tragic loss for you, MacKenzie and Harrison. My heart is broken for all of you and I am truly sorry for what must be extremely heavy hearts. I was saddened to hear that the world lost such a kind and happy soul. I don't know you and Ken very well but your husband always seemed to put others at ease and bring laughter to those around him. You don't meet too many salt of the earth, kind and sincere individuals anymore and it was clear from his personality, that Ken was a rare bird.
My sympathies go to you and your family. I pray that the love and memories that you shared will help you through the days, months and years ahead.
With deepest sympathy and prayers,
Christine Papoushek (armour mom of Meghan, age 11)
