

Mr. Kenneth Ross Flint

April 19, 2011

Ken passed away on April 19, 2011 at the Toronto General Hospital at the age of 46 after a courageous struggle. He was the loving son of Enid and Don Powell and Douglas and Phyllis Flint. Family members include Gordon Flint and Lynda Goy-Flint; Kent and Mary Powell; Sharon and Royal Burritt; Sheila Powell and David Tweddell, Bonnie McKenzie; Robin and David Newton along with 11 nieces and nephews whom he loved deeply. For the past 21 years he worked at Accenture where his most recent position was as a Senior Executive. His life was shadowed by Cystic Fibrosis but he never lost courage or his will to fight its impact in his life. He was a true leader, loving friend with a great sense of humour. As a friend has said "he left a legacy with many people on how to fight for life and enjoy the time we have." Service of celebration of Ken's life will be held Saturday, April 30 at St. Andrew's United Church, 117 Bloor Street East, Toronto at 1:30 pm. Visitation with the family will be before the service at 12:30 pm. A reception will follow in the church facilities. Gifts in memory of Ken can be designated to the Spiritual Care Department, Multi-Organ Transplant Unit, Toronto General Hospital; or the Multi-Organ Transplant Program, Toronto General Hospital; or the Cystic Fibrosis Clinic, St Michael's Hospital. The family would like to extend their thanks for the care and support Ken received at both Cystic Fibrosis Clinic at St. Michael's Hospital and the surgical team and staff of Transplant Unit of Toronto General Hospital. Those same thanks are extended to the friends that walked with Ken on his journey.

“ *I had an honor to work for Ken for a few years. Those who knew him close know that he was a warrior fighting some dark winds of life. At the same time he welcomed every new day as an opportunity to achieve more and do more good. Enid and Don, you must be so proud of Your son.*

“ *In my life, I have been fortunate to meet up with many people who have shared little things that have helped me - and those little things add up. Ken was very much one of those people, and he did so at an important point early in my career. As a good veteran hockey player would do for a rookie, Ken's perspective helped me adjust into both corporate and consulting environments. I remember feeling calmer and more focused after talking to him. While this may not be a big deal to anyone else, it made a difference to me and I still appreciate Ken's help to this day, 13 years later.*

Ken, thank you.

“ *Enid and Don - it has been a long time since we have spoken about Ken. It was just two weeks ago that I asked Liz if she had heard anything about Ken. So it was with great sorrow that I read about his passing today. Our thoughts are with you at this time!*

I remember Ken as a star pupil in my Grade 7 class at Lincoln Avenue Public School in Cambridge. If I remember correctly it was the 1978/79 school year. Ken was one of the students that I enjoyed most in my years of teaching! He was intelligent, compassionate and always concerned with others. Above all he was courageous!

I have often thought of the model that he set for others, in academics and sports, and the high standards that he set for himself. He had his goals and he worked towards them in a very organized manner. As I remember, even though he had CF, he played hockey on a regular basis, a goalie if my memory serves me right. His ability to do this and do it well was an accomplishment that stands out in my mind. He lived life fully and well!

The universe is a bit darker tonight with the loss of his star. Our thoughts are with you!

“ *I had only known Ken for a short time but it took only moments to
feel his gentle spirit.
I know that Ken was really looking forward to making Shangri-La
Toronto his home. I feel very honoured to have met Ken and his
parents. Their closeness was inspiring and my heart goes out to his
friends and family.
