Hey John, don't know when you met Larry I am the mother of his last son ... I believe. Just wondering about him. What happened? Was he born in 1949?

Really nice guy, spent some time with him up north in 2016 and he really showed me the ropes so to speak.

I only remember you as my brother Larry. Didn't get to know Lawrence at all. We only had a short time together as children before you whisked off to the big city. I wish we could have been closer. RIP
