“ Larry was one of a kind. He was a man with a big heart and a hard worker who never let his family go without. He was always encouraging me and full of advice. I have fond memories of our times together as a young teen ...drive-ins, Christmas trains, bbq's, throwing the football around, memories for which I am grateful and I will cherish. He accepted me without hesitation and always made me feel welcomed. My mother truly had a great man by her side for so many years. I know you will always will be watching over Stacey, David Mom and I. Rest in peace Larry. Love Victoria Harold

“ There are so many memories, being your daughter: I am honoured to call you my dad, I knew you were proud of me when I graduated from George Brown College and in front of thousands of people you were on the balcony and as I walked across the stage at the Toronto convention centre to receive my CYW diploma that you and mom paid for my tuition by you working 3 jobs so I wouldn't have any debt, you yelled "Way to go Stace" I looked up and you were standing there clapping for me and cheering, I cried....you hated crowds and you hated attention but you did it for me. I was proud to be your daughter. Also on my wedding day you made a speech which I know was hard I was proud of you that day, and will always be proud that you are my dad.

“ Thank you dad for being the most awesome dad a daughter could have. Thank you for teaching me respect, and the worth of a dollar and what hard work is. Thank you for wanting me to be more than a farm girl even though there is nothing wrong with that..you just wanted better for me. And you did, you worked 3 jobs just so that I could go to college for three years and become a CYW, and then asked what the tuition was going for as I was learning to play again as an adult. LOL. You always wanted better for everyone in your life, and wanted everyone to have a good time and both you and mom's house was always open to everyone, to eat to comfort, to stay whatever or whoever needed something you made sure we had it. I keep thinking that you will appear in your chair. Dad I will miss you and your dry humour and hell even when you got mad....we are proud to be your family. Love your daughter. Mom you were his rock and his all, never forget that, you had 41 years of marriage with him and stuck through the good and bad as with any relationship. So glad that we all went to Disney together. Dad loved you more than anything mom and never forget that, and I know that you loved him....
