

Mr. Lawrence George Troy

March 12, 2016

NOVEMBER 15, 1949 TO MARCH 12, 2016

Larry was a loving, thoughtful and caring man. A man who loved his family and home. Our home reflects his love of gardening. A strategically placed TV, for viewing his favorite sport – football. He loved music and I will miss his arms around me as we danced in our home. He was an unassuming man who did not realize how many acquaintances and neighbours cared for him and will miss him. He will be greatly missed by his family, Wife Sharon Children, Beverley Jefferson (Todd), Tara H Kirsten, and Jeffrey Kirsten (Tara L).

Grandchildren, John 5, Corbin 8, Keira 6, Archer 3, Hardy 1.

Should you wish to celebrate Larry please make a donation to the Canadian Tire Charity Jumpstart for Kids at jumpstart.canadiantire.ca

“ Sharon

Words seem inadequate to express the sadness we feel about Larry's death.

Hold tight to memories for comfort, lean on your friends for strength, and always remember how much you are cared about .

As years have gone by we have lost touch but please know that I think of you and your family often and will always be a part of my life. Jessica speaks often of you and your family and keeps me up to date which make me miss all of you even more.

With Love

“ You and Larry shared many happy family times with us. We now share in your grief and sorrow. There is a huge hole in our family. He touched so many people in such a quiet, kind way, a way that was uniquely his.

We will remember his dry sense of humour, his laugh, his hospitality and his thoughtfulness. He will always be with you. You can bring up a memory any time, any where, or just for no reason at all. He will, forever, be a comfort to you.

He has always been in good hands, your hands, and now that he has taken another path, he is still in good hands.

He will always be cherished.

Love,

Ernie and Judy

“ Larry Troy

It was a gift being his friend. He was special man, a man that understood and loved and his family friends. Never had a bad word for anyone, was always there to lend a hand to anyone that needed it. This was a man that gave so much of himself for others. He enjoyed a party and his rum. We spent 35 years every Wednesday having a drink and a laugh together. There is not a day that will go by that I and others, will miss him

Good bye to a deer friend Larry

“ To add to Larry the car guy..... Reminded me of when Larry decided he could torture me with a 55 Chev that he had an opportunity to be pictured in. He knew I would be jealous and shared his love of classic autos. He takes the time to send me the picture with an inscription at the bottom suggesting that he would bequest the vehicle to me via his Will. He sent that last week of Aug 2012. I badgered him to sell it to me repeatedly.

First week Sep, he sends a letter on a created law firm letterhead suggesting that the bequest could not be honoured as he had mismanaged things and the car needed to be sold. "Enclosed is a token of Mr. Troy's consideration of you and disappointment at not being able to fulfill his wishes".... The letter came in a bubble envelope with a dinky car duplicate of the car I had so envied. He staged all of this for my personalized entertainment. Just that kind of guy.

Just one of his gotcha moments and there are plenty.

That car took him back to when he was a kid again. He told me about tempting you with that, he loved toying with you Candy

He got a few of us good with his "official mailings"! Think Gord and Vi were sent one regarding outdoor Christmas lights, wished I could find a copy of that one, I recall it was hilarious.

He knew exactly what strings to pull on with me. I knew that, but always seemed to be surprised when he punked me.

“ My apologies if this posting is duplicated, think I failed on earlier attempt. Just a couple of happy day photos to share. The new family is created by Sharon and Larry. Good company, food and drinks - standard for Sharon and Larry. Doug and Wendy stood by them in a joyous day.

“ Larry, the car guy, would give this then-7 year old, car magazines and other various literature and photos of hot rods, dragsters, and street machines. Wow that was really something and to this day have Larry to thank for my own fondness of the automobile. Thank you for that, Larry. But more importantly, thank you for being the best brother-in-law a guy can ask for, and who was always a friend first. You were always friendly, level headed, never a d&@\$, quick with a laugh - we laughed a lot on those occasions when we got together and I will cherish those memories always. I can still hear that laugh buddy. God Bless, and thanks Larry for being you.

“ *Larry, we will remember you for your loving, caring, pleasant personality and all the fun gatherings and visits at our home and yours. You were such a wonderful part of the Bartlett family and respected.*

Your conversations with Lloyd and vast knowledge on any subject, as well as your honesty and generosity was greatly appreciated.

It was too soon for you to leave us. We will miss you very much. Our thoughts of you will remain in our hearts forever.

We wish all the best for Sharon and families and share in their sorrow.

Our love and sympathy,

Delores and Lloyd

“ Everyone loved Larry! Nothing was more important to Larry than his home, gardening, good food and drink, and being surrounded by those he loved. He loved being the host, was proud of his love Sharon and the growing family. Nothing Sharon could arrange socially or chore wise could through him off, he would just arch his eyebrows and say "well, you know how she is", then we would chuckle and get on with the plan. He could manage to sit out in a car in the heat of a summer day while we spent just a bit more time than planned in an antique shop, would lug the gardening purchases, overlook some purchase errors and still find the energy to mix up a fabulous cocktail and great bbq meal when he got home.

No gathering will ever be the same, my heart aches that he has left us. He lived and let live, he did it well and with honesty and joy. Condolences to everyone in the Bartlett and Troy families, we all miss him deeply. Special thoughts to his long time friend Doug who had a standing Wednesday night dinner date for many years, theirs was a friendship to admire.

Larry is our special guy and I cannot imagine the retirement years ahead without him.

That he is gone just takes your breathe away.
