CV

“ I am so sorry to find out David as I knew him has passed away. I am not sure if it is the same person who use to work in police force. Could you send me a email to confirm this to me at cherylwaggvine@gmail.com, if it is not him please forgive me for bothering you.

If this is him we go back to the 70's and I considered him my best friend, my late husband and David and I spent many good times together. He was there when both my sons where born we fell out of time when he fell in love and stop coming around. I knew he was happy. R.I.P my friend love Cheryl
