Tribute Wall

“ *A life lived!*

*I write this tribute to honor the memory of Louise Sakowicz-
a person of insurmountable and unquenchable inspiration-
a true survivor!*

*When I think of you Louise,
you are still not away from this earth.*

*Your words of advice
echo
in my ears
when I need them.*

*That you came to Canada
when you were nearly 40
and created a life in a new land,
without any money,
but only a dream,
and a knowing that
you WOULD make it,
is something that I now can relate to
more myself these days,
having spent 12 years
living in South Korea.*

Your pride,

Your self-determination,

Your counsel,

Your generosity,

Your conviction,

Your insight,

Your warm and timeless patience

*for me
and those around you
fill us all
with a memory of comfort
and fulfillment
and give us these attributes
in our own time of need of them.*

You live on in us.

Thank- you for being a true friend.

A beautiful tribute to Louise. She was always so fond of you Jody - like a daughter she never had. It was wonderful to see her joy when she met you this last Christmas.

“ *The heart remembers most what it has loved best; Lutka will live on in our hearts forever. A strong courageous woman, an incredible caring friend, a warm and giving soul, life was a perpetual adventure, interesting and fun with Lutka in it. We were blessed to have her in our lives and she will live on in our memories always.*

When you are sorrowful look again in your heart, and you shall see that in truth you are weeping for that which has been your delight.

That's a very nice quotation Basha- and in keeping with how she views things- always to look at the different angles a situation may offer and that our own interpretations of things is through our eyes, but we have to look through others....
