“ I believe this is the Mae Agla I had the incredible opportunity to know and work with at Abbott Labs so many years ago. If anyone in the family would care to contact me I would appreciate knowing what happened to this wonderful beautiful lady I had the distinct pleasure to know and wrk with. We connected a few years after we separated from Abbott Labs and I will always hold her dear memory in my heart. Sincere condolences to the family. Sue. England@sympatico.ca
