

Marie Ann MacDonald

September 28, 2019

Marie Ann MacDonald, was born August 28, 1937 in Glace Bay, Nova Scotia. After many years of battling cancer, Marie lost her battle and died at the age of 82 on September 28, 2019 at Baycrest Hospital surrounded by loved ones. Marie was an incredible woman and a force to be reckoned with. She loved having her family around, drinking tea and telling stories of her past. She lived for her children and family, always being there for them, encouraging them to be the best they could be. Survived by her brother Johnie. A loving mother to Jackie & Claudia Littler, Gail Arsenault, Charlene & Roy Ellis-Callow, Kyle Leslie, and Cathy & Opp Bolla. A fantastic grandmother to Jackie Jr., Kyle, Angela, Brittney, Breanne, Austin, Nathan, Griffin and a great grandmother to Brandon and Cole. She was preceded by her great grandson Cameron. She will be dearly missed by the MacDonald, Littler and McPhee families and friends all around the globe. We will forever have her in our hearts and know she will be guiding and protecting us from up above.

As per Marie's request there will be a celebration of life for the immediate family during the summer at Jackson's Point.

Donations to the Cancer Society to help others conquer the battle with cancer are appreciated.
