“ *My family and I are extremely sorry to know that Marion has died. We noticed the Canadian flag at half staff at her place and realized what had transpired. My best memories of Marion are from when I was a kid growing up on Duclos Point. I used to ride my bike with my siblings to the McRea Beach store for candy during those hot summer months in the 1960's. Mrs. Lovell was always bustling about in the store as we nosed through all the goodies. I would have to say that she was most well known as the "pie lady" as she was always making, displaying, selling and even donating them from her store. I remember seeing her working away at her flower gardens and taking in some sunshine at the side of her house watching cars going by. Thanks for the memories Mrs. Lovell.*

*Sincerely.*

*A Duclos Point Resident*
