

## Mrs. Marjorie Dorothy Lyall Smith

January 26, 2016

Marjorie loved to sing, she loved to dance and she was kind to everyone. Her great joy was to look out on her beloved lake and to feed the birds and chipmunks that came to her door, except the bear. Her and her late husband John spent over 50 years together. They enjoyed spending time at their cottage, getting in a couple of trips to Europe, travelling with friends to round dancing conventions, and wintering in Dunedin and watching their favourite team, the Blue Jays. She was a huge Blue Jays fan. She gave a lifetime of memories to her two daughters Judie and Anne, and their husbands Ron and (the late) Louis. She made glorious pies, tarts, squares, cookies and bars. She came from a family that believed everyday should be filled with laughter which made family get-togethers an event. She was like an older sister to her niece Eleanor, and a wonderful aunt to Marilyn, Brian and (the late) Wayne, and to Joyce. Her ultimate legacy is her grandson Jason, his wife Phuong and son Karvix, and grandson Jared, his wife Andrea and their sons Jaxon and Jordan, and Jared's daughter Kayli. Even when her memories were few she would still sing her favourite song "Somewhere Over the Rainbow" at Seven Oaks Long Term Care. Marjorie always wanted to learn to fly because of her two cousins Bob. Well, she finally got her wings. In her memory please do an act of kindness.
