SB

“ Mark loved his students and loved spending time with them. I have fond memories of us playing football on the back field at CHS with the students. He always tried to be innovative and challenge other teachers to try new approaches as well. He was a great guy to spend time with, I will miss him. My condolences to the family.

“ Mark was one of those colleagues who you never hesitated to go and ask for assistance or advice. He was quick to jump on board with projects, especially those which sought to develop the whole child. He was both friend and mentor. My deep condolences to his family.

“ Mr. Weaver was one of the best teachers Cartwright High school ever had! He was an amazing person to have as a teacher and always took the time to help with extra help in any subject. He became a friend asking about things that mattered in our lives as well as sharing his life stories with us. He will be missed by all his former students and parents of students.

AM

Mark was always working toward being the best person and teacher he could be. I remember talks on the front steps of Cartwright H.S. as he shared his experiences through his Special Education courses; he was in a constant state of inquiry for the benefit of his students. Nicely done Mark. Thanks for the friendship.

Allan Mountford - November 04, 2015 at 09:02 AM

MB

I would echo Allan Mountford's comments about Mark being "in a constant state of inquiry for the benefit of his students." Mark's intellectual curiosity was infectious, and he shared his passion for learning with all those around him, teachers and students alike. He will be missed as a friend and a valuable member of the profession.

I enjoyed collaborating with Mark during his role as Math Coach at the Ed. Center. Caring and thoughtful about students. Very intelligent and interesting to be with.
