

## Maurice Francis Williams

January 24, 2026

Maurice Francis Williams (“Moe”), age 57, passed away surrounded by family on January 24, 2026.

Born on September 10, 1968, Moe was a devoted husband, father, proud papa, brother, uncle, nephew, cousin, and a loyal friend to many. He loved his family and friends fiercely and would do anything to protect those he cared about.

As a dedicated tow truck driver, Moe spent many years responding to accidents, often arriving first on the scene. He found purpose in helping people in their scariest moments and took pride in being the one who showed up when someone needed a lift. Moe was also known for his sense of humor—always quick with a joke and able to lift people’s spirits, even in difficult moments. This same selflessness carried into every part of his life, as he always put others before himself and took special care of those who needed it most. His spirit lives on in each of us and in everyone whose life he touched.

We can honor him by choosing joy, even in the moments it feels hardest.

An intimate celebration of life will be held out of town. Feel free to reach out if you’re interested in more details.
