“ I am a tattooer at a shop where we had worked with Michael multiple times. Every time he was in the shop the vibe of the shop would always brighten as Michael would involve himself in witty banter and joking around with the staff and other clients. The news of Michaels passing was alerted to the guys and i today and we were all saddened and stunned. He will be missed by us, he felt like one of the boys and it's hard to believe he wont be around anymore. Wherever he is I am sure he is happy, we will see you on the other side brother.

“ Michael was a really outgoing person that had a fun-loving energy to him. Throughout our childhood and into our adolescence, He and I hung out and played together as close friends. I still look back on those years as a golden era of my life. From the times that we stayed at Aunt Lonie's place before and after school, to the times that we hung out at each other's houses. Those summers we went to Summer Camp at the local recreation centre, as well as when we went on trips for various occasions and events. All the memories that I have of him are irreplaceable treasures that I'll cherish for all my life. My family and I's thoughts and prayers go out to all of Michael's family.

Rest in peace, Michael. We love you and we all miss you.

“ *Mikey was always fun, energetic, smart, kind, the list goes on.. he always had a smile on his face, he was always so fun to be with and joke around with. He was always honest which I appreciated. I spent grade 10 playing video games with mikey and the rest of the crew, which will be a part of my core highschool memories forever. Skateboarding, dancing.. mikey had many talents. I bought a pair of the plus minus co socks he created and I will keep them forever. He was such a good friend. He was always nice to my younger bros especially when they were learning how to skate/be apart of skate culture. Mikey you are truly missed, your spirit and your memory live on forever. To Mikey's family, I am so, so sorry. I pray for your strength at this time & for your healing. But as you know he is loved so much by his friends. We love you Mikey and we will always be thinking of you!! Rest in paradise ❤️*

Love, Brittany B.
