“ *It is with much sorrow to be writing this .
I had the pleasure to be one of Nick's coaches at Ted Reeve Hockey where he played goaltender for the teams I was coaching at both house league Ike's Tykes and select Tornadoes. Some of the best times I had coaching happened during those couple of years and as a goalie , Nicky was a big part of that. Most memorable would be the Scarborough Shamrock Tournament when Nick helped lead his team to victory. Although it has been quite some time since I last saw him, I do remember him always being happy and having fun with his teammates.*

I'm very sorry for your loss

My deepest condolences to Nick's parents, family and friends.

“ *In the short time I had gotten to know Nick I had seen the love and care that he had for the people in his life and around him as a part of Justice's groomsmen group, before meeting him I had asked Justice who he was and he gave me a rundown and said "You'll love him" he was right, when we first met we hit it off. When we drove to the cottage before Justice's wedding, I could feel the love he had for others in the way that he talked about the people he had mentioned and its not just the love he had for everyone that should be mentioned, but the love everyone here has for him the comments that are left here and the conversations I've had with the people that have been in his life for so long. Devon, I am so sorry. You have my condolences. Rest in peace Nick.*

“ *It's with a very heavy heart that I write this message of condolences. Nick was a big part of the team, both the Ted Reeve hockey association and selects, I enjoyed coaching him and sharing in his growth and development. We had a lot of good times as a hockey team, much like a hockey family! I know that I will always cherish our time together. We spent many great years as a team and I like to reflect on all the positive experiences we shared together. Nick was always prepared and carried himself with a quiet confidence that in turn gave his teammates a boost of confidence in knowing our last line of defence was there to make the big save and get us out of a jam. Gone too soon, but never forgotten, rest well young soul! You will be missed and to his mom and dad, I can't imagine the sorrow and grief you must be feeling, please know that my family and I are thinking about you during this difficult time. My sincerest condolences, sending you strength and healing in your time of need.*

“ *Nick was close friends with alot of my close friends, and to say that this man treated me any less than family when he saw would be a disservice to how kind of person he was. I'm gonna miss you bro, truly. Until we meet again, brother*

“ We knew “Duff”, that’s how most parents recognized players and goalies on the hockey team, from the Ted Reeve organization. He must have been a special boy because who else becomes goalie, the toughest position on a team. Peace be with you Nicholas and your Family. Skate on forever❤️

“ My heart hurts for this lost. Although it's been some time since we spoke Nick was a part of some of my happiest memories as a coach. I loved how he was always a happy smiling player and never seemed to have a bad day. It broke my heart to hear he is gone and my deepest condolences go out to the whole family.

“ *Too many memories to share kiddo. You were our first, you changed our lives for the better in every way. You were the kindest gentlest soul and the most beautiful big brother. You gave unconditional love, laughter and brought so much joy to me. I am proud to be your godmother, proud to be your Didi. I know Gary has you and I hope you experience all the joy you have brought to me kiddo. My heart is broken. Johns heart is broken. I will love you forever*
