“ Pamela used to comment on many of my posts and we chatted from time to time.

*I had lived in Milton and had been to Fergus many times. I now live in Wasaga Beach and she told me of the times she and her children had come up here...:-)*

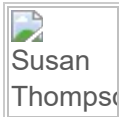

*I have been offline since March and just got back on recently and trying to catch up. I was stunned when I went to her FB page and saw she had passed...:-) ( I will miss her cheerful comments on my posts. RIP sweet Pamela <3*

*Blessings and love to her and her family...<3*

“ My mum was, what most people don't know, a highly accomplished individual. She was Personal Assistant to a Doctor of weaponry design engineering at Huntings in the UK, she had DV security clearance which was given to very few people by the Government, she was still able to name the missiles and weapons used to this day, she spoke in person to Manwel Norriega and Ghaddafi in the 80's,. She went on to be Personal Secretary to Lord and Lady Tavistock of Woburn abbey, she needed DV clearance for her position, when she decided to emigrate to Canada Lord Tavistock wrote her a hand written letter with the Royal Emblem asking her to please abort her plans to leave and stay, he said that he was not a man who could easily write his feelings but wanted her to change her mind as he said that she fitted well with the family, I miss my Mum, Jane.

“ Mum was a tough cookie, feisty to the end, what most people don't know about her was her professional career in the UK, she was the Personal Assistant to a Doctor of weaponry engineering at Huntings Engineering having DV clearance, one of the highest security clearances in the United Kingdom, she went on to be Personal Secretary to Lord and Lady Tavistock of Woburn Abbey, I just found a hand written letter from Lord Tavistock asking her to abort her emigration to Canada as the family needed her, he said that he was not accustomed to using feelings but she was part of the family team. My Mother was a spitfire, the last time I saw her she winked, I got this, love HER.;

“ Pam you made an impact in my life. You were dedicated to your girls and your family. You had a big heart when it came to neglected animals and zero tolerance for people who did not care for their animals properly and had no problem setting them straight. I can see you reuniting with your family and beloved pets now.

“ Pamela you will be dearly missed especially by your 2 little doggies Eddie and Sasha. I had the honour of knowing you and what a kind soul you were. Be at peace knowing that your doggies, who meant the world to you will be loved and well taken care of in your absence until you are together again. Rest in peace Pam.

“ *My mum was such an inspiration to me. I got my love of animals from her. She would go around the field at my great grandmother's house looking for injured animals so she could take care of them. My mum raised my sister and I on her own, working 3 jobs so we could keep our ponies.*

*She was an amazing mum, the best mum I could ever ask for. I was honored to take care of her in her final months. She was so strong and to see her so frail at the end was so devastating.*

*I will miss her every single minute..love you so much mum..rest in peace and know that we all love you. ..*

*You are with big Nan and little Nan now and they have you in their arms xxx*
