

Patricia Anne Vieira (Roza)

May 23, 2020

Patricia Anne Vieira (Roza) died peacefully of Lewy Body Dementia (LBD) while a Resident of True Davidson Acres in Toronto, Canada on May 23rd, 2020 at the age of eighty one. Patricia is survived by her eight forever loved children Ted Ferreira (Patricia), Patrick Ferreira (Tammy), Brian Ferreira (Patricia), Cheryl Vieira (Amyr), Debbie Vieira (Russell), Trevor Vieira (Lynn), Bruce Vieira, and Roslyn Vieira (Allan) all of Toronto along with her many cherished grandchildren, great grandchildren, and second husband Edward Vieira. Patricia is preceded by husbands Theodore Ferreira and Joseph Vieira. Patricia (Patsy) was born an only child on February 1st, 1939 in Georgetown Guyana to Albert (Bertie) Roza and Juliet Reece . She married Theodore Ferreira, her teenage sweetheart in 1955 and after Theodore's passing in 1958, she married Edward Vieira. Patricia moved to Toronto in 1969 with her eight children and began a long and fulfilling career at St. Michael's Hospital. Her passion was to care for and adopt stray cats in her neighbourhood and was rewarded by her dear "Sir Charles" living to the ripe old age of twenty two. She enjoyed strolling the Beaches of Ash Bridges Bay where she lived half of her life with a simple purpose of family and cats. Patricia enjoyed Tim's steeped tea with a plain bagel, Bingo, heart throb Robert Wagner, Jerry Lewis comedy, weekly visits to her hair dresser, dancing to UB40's "Red Red Wine" and The "Boys of Summer" The Toronto Blue Jays. A few of her patented sayings were "Raise the TV, I can't hear it", " Not the big one, the fine fine one", "Oh ma goy" and for anything that didn't seem right,

“That’s a sin”. Patricia’s contribution has left our world a much better place and we will forever echo her love. There will be a tree memorial to honour Patricia in the Beaches of Toronto (to be announced).

“ Thinking of the days we spent at McDonald’s every Sunday. You, Ted , Allan and I. Wish we can have those days back. Went to the beach and sat at the water and thought of you and all the things I want to share with you. I remember our last talk on the phone. March 15. I said “mom, there is a virus going around and we can’t come see you”. You replied “ oh okay for how long ?” I said maybe two weeks. And you replied again oh okay, Not years right ? I laughed and said no mom. Two weeks not years. Boy I was wrong. They opened up the homes. We were a month too late. We would have been there as soon as we were allowed but god had other plans for you. I miss you mom. P.S . I’m going back to work in two weeks and I cried thinking that is something I know you would be happy to hear. I hope you are happy and having fun. I know this really isn’t a page to talk to you but for memories only but I feel like I am talking to you when I write on here. Miss you lots. Rest easy mom.

“ Mom,
Every night before I fall asleep I lay there and look out the window and think of you. I wonder what you are doing , I wonder if you were sad without us. All these thoughts go through my head before I fall asleep and tears run down my face for you. I will miss you more each day. I do smile when I think of how you laughed and laughed at the things we all did and it helps me move forward. This morning I was looking out the balcony doors up to the sky and asking you what you are doing up there, if you are smiling away. When I turned on the tv to the radio station I couldn't believe it. Red Red Wine came on at the same time I was talking to you. I was so happy and sad to hear it play. I knew it was a sign from you to say you are fine and at peace. Mom , we didn't get to say goodbye but we love and miss you so much that I hope it reaches you up there and you can smile a big wide smile.

“ Hi Mom, it's been almost 4 weeks since your passing and it's been comforting to read the many wonderful memories your family are sharing about you.

The last year of your life I know you wrestled about whether you were a good mother, no matter how much I assured you that you were a great mom I do not think you actually believed it, well, the memories shared on this site sure reinforce what a terrific mom you were.

It's so incredible that someone who lost her mom at a very early age and was raised by her Grandmother had such an affect on the world. Think about it, an only child who went on to have eight children, eighteen grandchildren and twelve great grandchildren, that's right, you are responsible for giving life to thirty seven direct descendants, and that number will of course grow each year.

You did this while being a single mom for most of your life, it is truly incredible.

You always worried that you would not be able to give your kids an inheritance on your death, well, you have. Because of the great job you did raising us all you have given us the greatest inheritance possible, the "Roadmap" on what it means to be a great parent and for this I will forever be grateful.

There is one nagging thought that has bothered me very much over the past three weeks plus, I do not recall ever telling you that "I Love You". I have no idea why, the only time I ever said it was when I visited you on the Wednesday before you passed, and I'm not sure you understood any of that conversation as you were in such rough shape.

I LOVE you Mom!

Ted, she knew you loved her because of everything you did to make sure she was happy, safe and secure. That's more important than the words. Trevor

Its so true how often or do we say I Love You I know Ted that mom was very happy of how good you were to her. She always told me that, she loved us all not by words but by the things we did for her and being there for her and that was enough for her. She is so missed . She was incredible mother like you said she raised 8 children an only child she was very strong and stubborn too lol I LOVE YO MOM

Cheryl Mostafa - June 12, 2020 at 02:42 PM

“ To my Angel,

Your smile replays in my head everyday. The laughter and joy (and chocolate chip cookies) you brought to my life are irreplaceable. The absolute madness you let us stir up in the house or the courtyard was honestly wild but gave us unforgettable memories. As I'm writing this I STILL sit here and laugh about the time you wanted to show us your new pants. They were oh so comfy and the waist? Let me tell you that waist was the most forgiving and cozy one on the market, so naturally you bought two pairs! Not only did you have them on backwards, but your super cool new pants were also from the maternity section. The pure laughter (and embarrassment) you had in that moment is something I'll never forget.

Nanny, the family you created is my inspiration. Large and loving. My most cherished moments come from the Aunts, Uncles and cousins you gave me. I brag to the world about how lucky I am to be a part of something so special and while maybe having 8 kids is a stretch - I hope to one day be blessed with a big family of my own. A dream I have because of you.

There are no words to describe the loss of a Grandmother let alone a Mother. I sit here everyday incredibly thankful to look at the strong, beautiful and independent best friend you gave me that is my Mommy. A woman who rocks my world and a woman who wouldn't be who she is without you. You always tell me how I reminded you of her and although I tend to disagree, it's the best compliment I could ever receive.

Nanny, I'll miss being that annoying granddaughter that pulled off outrageous dance moves to make you laugh. I'll miss the Guyanese accent, the stories, the sayings and the famous wedding outfit (especially the football socks) but mostly importantly, I'll miss you. I love you and miss you with all my heart, goodbye my angel, until we meet again.

Love,

Laura

Laura, what a beautiful message, Nanny would have loved every word of it. Along with Nanny, I also think that you are a duplicate of your mom, well, except she could not have ever written something so beautiful. As for your great Aunts and Uncles, you did omit to say who is your favorite, that ok though, I know the answer to that. All kidding aside, Nanny was very proud of the young lady you've grown into, Thanks very much for sharing such beautiful memories.

“ I was not born into the Ferreira/Vieira family so for an outsider looking in you may think we are distant or lack connection, but this is not the case. I was young when I was first introduced to the family and looking back I couldn't be happier that my dad and Roz met and were so passionate about bringing the families together. Thinking of it now I cant pin point when we all met. I feel this is because you guys as a family made it so easy for me to feel accepted and genuinely wanted. I am so appreciative of Nanny instilling her morals, values, ethics into her children because without those teachings who knows if I would have had the same opportunity to become apart of this beautiful family. I will always cherish going to family events and listening to Red red wine.
Nanny you will be undoubtedly missed by everyone

“ Mom, I know you now can look down and see what you have created with all the love and memories family is sharing on here and I love coming on here to see how loved you and everyone are. There are not many families mom who are as large as ours that stay connected as much as us. That's because You helped us understand what family is about. I cannot express enough how much you are still the glue for all of us and how much I miss you and mom I thank you for installing all what I know today. I miss you beyond words. Allan thinks of you all the time and reflects on making you laugh with all of his quirky humour about me. He enjoyed every minute he had with you and misses you so much. He forever looked forward to the visits and as you know he would go see you on his own because He adored you so much. We both know you are in a better place and you are dancing away. Enjoy Mom. We love you. Allan and I will go for a double toasted plain bagel and steeped tea as soon as it's open again to sit. “ *To Nanny Vieira*

I want to start out by saying we all love you and miss you dearly. The most fond childhood memories that I have are when we all got together for family gatherings at Nanny's house. That is the spot that Teddy and I got to learn, grow and experience life with our HUGE extended family....something I feel we all take for granted at times. The best memories I hold of Nanny are her allowing us as little ones to cause utter chaos in the basement and living room, playing, yelling, dancing...genuinely enjoying life as a whole. Thank you for that Nanny, and thank you for giving life to such a large family. A family in which will continue to do the best it can to stay connected and together in honour of your memory. WE ALL love and miss you dearly, I hope you are watching down on us with a big pot of your homemade curry chicken and smiling over the memories that you have created for us all. Lastly thank you so much for bringing my father Ted into this world, I think I can speak for a lot of us in saying we would not be where we are today without him. Thank you Nanny for all you provided us and may you rest easy until we all meet again.

LOVE Michael Joseph Ferreira.

“ I will always regret not being there in the end to thank you for all that I owe you. But I am so grateful that you got to meet my children before it was too late.

I can't imagine the strength, courage, and will that it took to relocate and raise such a large family in a new country. Your values were exemplified through your son, my father. And I can not ever thank you enough for him, I will stay eternally grateful. The best I can do now is to promise to honour you by upholding those same values in my own children. As a new parent I know there must be no greater accomplishment than raising truly good people. You raised the best man I have ever known and I will make it my mission to live up to that standard of kindness, generosity, and selflessness that you set with my Dad. And with that although your body may be gone, your spirit will live on. You were a beautiful person, beloved grandmother, and mother. I love you Nanny. Rest peacefully.

Teddy, mom and I are so proud of the young man you've grown up to be. What impresses us most, is the way you love and cherish your children and Alix. Nany was thrilled the times I took Carter and Riley by to visit her at the home, the first time that Carter went he screamed in the car the entire ride over, I was a bit worried about taking him in, as soon as we entered the building he became an angel and mom enjoyed holding him. Riley well, she would sit with us in the TV lounge with the other residents and of course she was quite the entertainer. It is unfortunate that you did not get to say goodbye to her the last night, but, I so much appreciated your company and the support you gave to me that night.

“ *All my life I bragged to everyone how amazing my Ferreira and Vieira family is!*

I am a Ferreira! I have been around enough families to know what I've always believed, our family is the best! and it all started with granny's love and being!

I truly believe our family has a very special bond through soul. A couple months ago I woke up crying from a dream that I had about Granny, she had died in front of me. I couldn't stop crying as my girlfriend Cindi sat and rubbed me! I haven't been around any of you "my family" for a while, but I have always had a strong connection in my heart and this is a direct result of what Granny was. I always felt that she was there for any of us, she made the family stronger.

One of my fondest memories was when Granny took me to a WWF match when I was a young boy, I was totally into it yelling at the referees and "bad guys", Granny just let me do my thing enjoying the atmosphere.

I'm going to really miss my Granny.

All my Love.

It has been many years since I have seen many of you, but you all have always held a very special place in my heart, and I have thought of all of you many many times, more than you can imagine. She was always very loving to me , and a wonderful Grandmother to Jennifer and Michael. “ Rest In Peace Nanny,
I will forever cherish my fond memories of time spent growing up with you on Blake street. Sneaking up to your room to play with your makeup and pretty hats while all the family and neighborhood friends gathered in the kitchen for your delicious cooking (you were always feeding everyone) You wrapping yourself up in the curtains at the cottage when Mike and I chased you with crayfish we caught. Early sunny mornings lining up across the street at the donut factory for fresh donuts, just to name a few. Your laugh will be ingrained in my memory forever. I will miss your Guyanese accent, which at times I couldn't even understand lol but was so funny.
I have always admired your strength and tenacity in migrating to Canada with your eight kids in hopes of a better life for them. Wow Jennifer, what a beautiful message, It's weird but reading your post brought back vivid memories of those instances you mentioned. You and Michael were the first grandchildren in our family and youve both held a special place in Nanny's heart. She hasn't spoken with you in a while but when I would visit with her at the home you were the topic of conversation often.

Nanny would be proud to see the incredible woman youve grown into, I can tell you that both Aunt Pat and a I are, and we'll always have a spot in our hearts for you and Michael. Stay safe dear, all our Love, Pat and Ted.

“ Hi pat you to call you so many to say 1st You were not my mother-in-law, but you were like my mother I had a lot to say and at that moment my thinking ran away but there Something happened that I didn't believe in the beginning. We went to the Center island, me and Sharon, and you are with us and at a time you told me I think it is the last time I visit the island Indeed, it was the last time you visited but we have beautiful memories that we will not forget and most importantly I will not forget your help to me upon my arrival to Canada you left us all that is beautiful to remember you, I cried three times once upon the death of my brother and once when my uncle died Then you, mom, you were like a breath and a smart wind in our lives But you are now in a better and more beautiful place than this world. Hi Amr, thanks so much for sharing your wonderful memories, mom always loved how you would get involved in the road hockey games and football at those gatherings at Trevor and Lynn's place even though these games were foreign to you.

“ Mom.. memories are just flowing as each day goes by. I never imagined that leaving you in March would be the last time I would see you. Allan and I talked about getting bikes so that we can ride to visit you. Allan and I looked forward to our Sunday morning visit and grabbing your steep tea. We will miss that so much. I can go through so many memories and smile at every one. I remember as a child I never wanted to sleep out or go away. I wanted to be home with my family and you. I know you are dancing away to your favourite songs and I will keep that vision in my mind to help me heal. I will miss you more than words can say and each day they say gets easier but for now it gets harder. I know I will hold you with me in everything I do and I will be talking your ear off everyday and it comforts me knowing that you are with Theo again. Rest easy mom and love you forever.

Wow Roz, you and Alan have always been amazing to mom. She was so appreciative of all the times you guys would visit, she thought that Alan was the most incredible son-in-law, he would go by himself to visit her and take her outside for some fresh air, you have no idea how much she loved that. She is at peace now.

A mother's love for her children is without boundaries Even though your Mother is no longer here on earth , in physical form , her spirit remains. She will always be with you as you are a part of her and she you. Get ready for the little signs that she is with you, may it be by a song, the wind , a flower , a saying and this will bring a smile , a tear or laughter to your face. May God comfort you all at this difficult time in saying goodbye but not forgotten , to your Mom.

“ Dear Ted, Patrick, Brian and the rest of the family, please accept our sincere condolences and prayers on the loss of your dear Mom. Auntie Patsy was a devoted Mother and nurtured a beautiful family who were her pride and joy.

Moms are special people who are always with us; first, in their lifetime and then forever in our hearts and memories. May the love that you shared and the wonderful memories you hold give you strength and comfort in the days ahead.

And may she rest in peace with her Heavenly Father.
