“ How do I say goodbye to the man who has been the strong yet quiet presence during my entire lifetime?

*To say you will be missed isn't nearly enough.*

*You were so loved. I loved all your flawed wholeness. I love you still.*

*I inherited your stubbornness, your love of reading, your obsession for things that interested you. Your duty to family.*

*I will be forever grateful that I got to be with you at the end. To listen to you grumble and complain one last time. To listen to your terrible and sometimes inappropriate jokes.*

*To hold your hand.*

*To tell you that I loved you.*

*To hear you say it back.*

*I'll hold those memories and so many others close forever.*

*Bye Dad.*
