“ Paul was a great friend to our family. This news comes with much shock and sadness. There are too many memories to mention here, but our favourite was the trip my brother John and I took to the East Coast with Paul and our father in 1977. Sometimes, it seems like yesterday. We will miss him dearly.

“ *Dave, Brian and family. So sorry to hear about Paul. It's times like this that make me think back of the "good old days" at Crowe Lake with our families...we sure had some fun times when we were kids...not to mention our parents and their wild and wacky parties. Memories are great...hope your memories of Paul give you comfort.*

“ *To the McGill family I offer my sincere condolences. Paul was one of my earliest friends when I came to Oshawa in the 60's. I moved back to Oshawa last July after 32 years and spoke with him on the phone after meeting Dave one evening. We spoke of hopefully getting together for a coffee; unfortunately it didn't happen. I will say though, that I retain my memories of Paul and hearing his voice last year rolled the clock back a long ways. I will always think of him as the youth and young man that I remember him as when I last saw him.*

“ Was so sad to hear of Paul's passing. Far too young but he lived his life by his rules and did what made him happy. How many of us can say that? I will remember the laughs, the card games and that he was the best salesman/talker I have ever met. He had a room full of people convinced that the Pickering nuclear station was using the waste run off to grow the biggest and best tomatoes you ever saw. Good, bad or indifferent, Paul made an impact on everyone he met. I hope he is at peace and catching up with Jack, Wanda & Heather. Sandy Campbell
