Penelope (Penny) Goddard - May 14, 2020

We are saddened to announce that Penny passed away peacefully with her family at her side on Thursday May 14, 2020 after a brief battle with cancer. She leaves her son Paul, daughter Jill and daughter-in-law Jen, along with 5 grandchildren, Jack, Everett, Tess, Reid and Robin.

It was Penny's wish to be able to stay in her home and it was with the help of her many friends and family that she was able to do so for the past few months. Her family is very grateful for the love and support she received during this time.

Donations are not requested, however, if you knew Penny you knew her love of animals and she would have chosen to support the Humane Society.

A celebration of life will be planned for a later date.

“ Paul and Jill. So very sorry to hear of the death of your dear mother. I remember lovely chats at W. G. Davis public school where you both and my kids attended. So long ago and yet it seems like yesterday. We met on our street, at the metro and, later, at the gym. Please let me know the date for celebrating her life. Cell no. 416-841-9712
Take care. Marion Cashman

“ We extend our condolences to Penny's family. First meeting Penny at West Hill Collegiate, we were later neighbours in the West Rouge community. Our husbands shared a love of outdoor pursuits. Penny will be remembered as always smiling and friendly. A donation to the Scugog Animal Shelter has been made in Penny's name.

“ *My Fabulous Fitness Friend Forever, PENNY*

I met Penny seven years ago at our local community fitness centre and with a few other members and spouses, they became my very special group of Fabulous Fitness Friends Forever. Our McDonald's coffee, Amigos breakfast and birthday lunch socials were always animated and fun with Penny, and she was very stylish and current.

In addition to abundant charm and wit, she had a special soft spot for dogs. Every time she came for a visit she was sure to bring treats for my labs, Koda and Sammie. Thanks to Penny, my doggies were walked daily, rain or shine. In no uncertain terms she told me that whatever the weather, deadly hot & humid or bitterly frigid, no excuses, I have to walk Koda and Sammie. No kidding, I did what I was told. Penny was a commanding figure and so lovable.

I also remember Penny telling me, “Woman, do your own damn housework”, in jest? She said it is satisfying after the work is done and I guess she felt house and garden work are good ways to stay fit. So, whenever I am tempted to hire others to do my chores, I think of my Fitness Friend Penny.

Our mutual friend and I talked about our phone conversations with Penny, since social distancing kept us from visiting her. And to the very last conversation with Penny, she said Penny was “chirpy”. I will dearly miss my fabulous and chirpy friend, PENNY.

“ *Penny Goddard obituary from Nancy and Steve McVeigh*

Penny was a wonderful lady with a generous heart and a fabulous sense of humour. We all loved Penny and every get-together was infinitely more fun because of her. With a devilish grin, she'd deliver a cheeky comment, cleverly designed to elicit howls of laughter around the table. Our group parties, breakfasts and gatherings will never be the same without her.

More than just her intelligent wit and friendship though, Penny was also thoughtful and intuitive. Having experienced difficult challenges in her life, she seemed to sense just when to offer us encouragement and understanding.

We feel so thankful for having known Penny, and will keep her in our hearts forever.

“ Penny Goddard Obituary from Peter and Pat

Over the years we have known Penny, she was always there with a smile on her face and was well known for having a great sense of humour. This was especially so at our crazy breakfasts at Amigo's on Friday mornings when she would come out with a quick comment about someone and send the crowd into peals of laughter.

Pat and I had great times with Penny at the different functions and parties we that got together for. Penny never missed a beat and even though we knew things were not going well she always managed a smiling face and a quick nudge to get the final laugh.

We loved her and we shall miss her terribly.
