“ My first memory is of thanking him for making my best friend Mary, happy, after they were married and were visiting us in Canada from England. Once they moved here we spent New Years Eve together, went to Toronto All Stars Big Band concerts, military band concerts at Roy Thomson Hall, brass band concerts on summer evenings at Heydonshore in Whitby. Outings that he enjoyed so much because of his love of brass band music. We've missed those outings for the last 3-4 years. He's finally at peace. Rest comfortably Peter. Your friends,

*Bernie and Sheila*
