

Peter Leung

September 17, 2024

It is with deep sadness that we announce the passing of Peter Leung, aged 75, on September 17, 2024, in Toronto. Peter grew up in Hong Kong, and his life was marked by an incredible journey from restaurateur to teacher, sharing his profound knowledge of Feng Shui and Chinese Metaphysics with thousands of students and enthusiasts around the world.

Peter was passionate about many things in life, from the intricacies of Feng Shui and Bazi to enjoying crossword puzzles, Monopoly, and cheering for the Toronto Blue Jays and Raptors. His incredible memory and ability to detect patterns were truly unparalleled. His wisdom and boisterous energy will be deeply missed.

Donations may be made to CareFirst Seniors and Community Services Association in Peter's memory.

“ I did not know that Peter passed away last month and feel very sad to hear it. As I write this I am looking out of the window of the home that he and Christine helped me to choose many years ago. I still refer to all of my class notes and I kept all the many teaching emails he wrote to answer my questions. I was one of Peter's seminar sponsors in the US, in California, Arizona and Texas. He gave me that chance even though I had never done anything like that before and we did pretty well together. He taught me so much and he opened my mind to think outside the box. He was so smart, and funny and so generous to me. I'll never forget him. I send my most heartfelt condolences to Christine and Candace.

Teaching was the highlight of Peter's life. He always spoke with joy when discussing his travels to teach. Thank you for all do you did to help get classes organized so he had a chance to do what he loved.

Your father truly was a wonderful teacher Candace. He didn't believe in "secrets" and wanted to share the hidden knowledge and all of his own important Chinese metaphysical discoveries so that everyone could benefit.

My fellow students (of Peter's) still talk about our wonderful shared experiences taking Peter's classes together! He, and his family, were so generous with their time and resources. I will always have a place in my heart for Peter and his family with blessings sent every time I think of you all!!!

“ *Master Peter Leung was one of the few English proficient feng shui masters. I enjoyed the classes taught by him and Christine. Unlike the other teachers, they were both approachable and had a good sense of humor. I have fond memories of our meals after the class sessions. My condolences to the entire Leung family. Peter made an indelible mark in the feng shui community. RIP.*

“ *My lasting memory of Master Leung remains as sifu/beloved teacher. I remember his "stern" way of scolding lazy students (not too stern because he followed with a smile and chuckle). I learned so much from his Feng Shui classes. He had a way of formatting information to make it more accessible to those of us who do not speak Chinese. I remain forever grateful that he shared this amazing jewel of Chinese culture! He was a true GIFT in my life!*

May he rest in peace. Sending prayers and sympathy to his family.

Peter was the best teacher I could ever have had in Feng Shui. He was so passionate about teaching us that the hours would go by and we would not even realize it. He made us think, ask questions and go beyond the obvious. He was generous and humble. He taught us to be humble with our knowledge and not be greedy. I learned so much from him and I am forever grateful to have crossed paths with our sifu. I have so many 🙌 memories and stories that I will carry forever. 🙏❤️

“ To say Peter was a big personality would be an understatement. He loved teaching and it was undoubtedly the highlight of his life. His favourite subject to teach was definitely Bazi. His technique was unique and effective. If you ever sat in on a class I'm sure he shared his black books filled with charts, all painstakingly handwritten in perfect pen. However, my favourite class of his was Form School because the site tours were a great chance to see the world through his eyes. I'll miss his booming voice and bright spirit. RIP Dad.
