

## Peter Douglas Stuebing

January 31, 2020

On January 31st of 2020, Peter D. Stuebing passed after a very courageous yet tiring battle against lung cancer.

Peter led a very distinguished and colourful life. There was not a new adventure he would partake or a person he would not lend a very tender and helpful hand to. A member of the Canadian Armed Forces he held prominent positions from Politician, Optometrist, Teacher, IT Specialist and most recently security for our Prime Minister.

A genealogy master he compiled over 15,000 names for the extensive Family Tree and was able to travel to Stubing Austria to visit the family castle. The only Stuebing the caretakers had ever met.

Survived by his sister Pamela Cooper, daughters Petra Frazier and Kimberly Smith, sons Jeremy Stuebing and Zane Pope as well as five grand children.

Fly peacefully with the Pelican's and the Florida sunshine warming your soul Dad.

You will be truly missed by so many and every moment we had with you until the end will be cherished in our hearts.
