“ *Phillippa was my very best friend, best memory by far was the day she told me to put my head in the wood box and she would close it down to see if it would be safe, we laughed about that moment for years, I miss you my babe , we will talk at the ocean , your favorite place in the world*

I will miss you Miss Philippa. You were a wonderful mother, Rachael is a wonderful girl and so much like you. You were such a fighter! Love you, until we meet again!
