“*Sheena. Belated best wishes surrounding your loss. We met a number of times. Clarke and I worked together on joint research for quite a number of papers written over my first 7 years at McGill. May Clarke rest in peace. He was a delightful individual and I considered him a true friend. Best regards. Robin Lowry*

“*Dear Sheena and family,
You may not remember me. My name is Anna and I am a cytotech. at RVH. I worked many years with Dr. Forbes. His sense of humour, knowledge and his respect and consideration for all the cytotechs was always greatly appreciated and sorely missed. He lightened our work load and kept us entertained with his own unique perspectives on current events and history and most of all he made me laugh. I've missed him since he left us and now more so in his passing. I will always have fond memories and lasting respect for Dr.Forbes.
I will have a remembrance mass in The Holy Land said for Dr.Forbes. His name will be added to a perpetual list of names for whom the mass is celebrated weekly. I would like to have an address to which I can send a card confirming the addition of Dr. Forbes to that perpetual list.
My sincere condolences, Anna Modafferi Elisio.*

“ *My first real friend in this world was Clarke ...we patrolled Gray Street in Fredericton from 1939 until 1944...and had many adventures after that even though I had moved to Toronto....I am very sorry to hear of his passing last week...it had been a few years since we last connected...sincere condolences to Sheena and the family ...and I would love to know about any service that you are planning ...sincerely Peter Sisam (peter.sisam@imgworld.com)*

“ Dear Sheena,
We were so sorry to hear the news of Clarke. We send our sympathy to you, Charlotte and her family at this sad time. Seeing the obit really took me back to, what now seems a great time in all our lives, hours spent at the pool in Montreal West, the Canada Day parade and all the MoWest activities. I understand that not much has changed over all the years since we, and you, left and that many of the old gang are still around, would you believe, somewhat diminished in number, but still a familiar core. Do let us know if you ever travel out this way, as we would love to see you again and enjoy your crazy sense of humour. We were interested to read that Clarke was still a "dog man" as it is hard to imagine him without one by his side. Do take care and know that we are thinking of you at this time.

Dear Sylvia: So nice to hear from you. I truly appreciate your note and acknowledgment of times past. I still have two dogs: one elderly scottie and a young and playful Dandie Dinmont who keeps me busy. I hope you and Tom are enjoying life on the West Coast. All the best, Sheena

“ Oh Sheena - My heart aches for you. I can hear Clarke saying "Oh no, Penny got her Scottie first"! Just think of all his friends at the Rainbow Bridge.

You, Charlotte and the family will be in our thoughts for a long time.
