“ I have a lifetime of memories when it comes to Bob and all of them were fun! Camping at the Outlet Park (where he would give Don and I, 25 cents each to accidentally throw cold water on the girls who were sunbathing with their tops undone), volleyball in summer and ice hockey in winter on Avondale Rd. Later on more volleyball, campfires and cold beer at Island Park.

When Philippa and I got married, we found out that Phil had lived in the same building on Parkway Forest and we visited Bob and Ollie there several times. Bob was always excited to play the host and so glad to see us.

Philippa and I will always associate positive attitude, and outlook, with Bob and we will fondly recall our times together.
