I see you cloud hopping with a big smile on your face because that's something you would do. I can see you in your white robe and wings and your Adam Ant running shoes singing up a storm. One day we will go cloud hopping together. Love you lots and miss you more.*

“ Happy birthday Rosebud! This may only show the day after but know I'm thinking about you today. It's exam time and I'm studying so hard to make you proud. I know all those years of yelling at me to study is finally paying off. I miss you so much but I know you got your wish to be cancer free. It just didn't end up the way we wanted it to be. Love you lots!
Love your one and only troublemaker.
P.s. I hear heaven really knows how to throw amazing parties. 😊

“ Rosie, I still can't forget about all the memories during my BouClair days with you. You weren't just an individual I worked with, you were part of my family. I was able to talk to you about anything and could always count on you for advice. You always made work fun and I can never forget about all your help. You were a beautiful human being, from both the inside and out and your memory will live on in our hearts forever. To the Lalonde family, I am truly sorry for your loss. Rosie will be missed and she will never be forgotten, may her soul rest in peace. Sarah, I truly hope that one day you become a very strong, successful, woman just like what your mom had always dreamt of. So that when she looks down at you she can say “Yep, that's my kiddo!”

“ *It has been about a week and half since you left us and writing this has been the hardest thing I have ever had to do. Mere words can not do justice to how I feel but I will do my best.*

My emotions have been all over the place since that day and I did not know how to truly feel. But as we sent you off into the lake I now feel at ease knowing that your final wish was granted and that your suffering is over.

You were one of the only people in my life who never judged me on anything I did and you always had the biggest smile i had ever seen, it pains me I wont see that smile anymore and that I wont hear your voice anymore when the holidays come around.

I miss you now and will miss you for the rest of my life, R.I.P Aunt Rose

“ Thought of you with love today but that is nothing new
I thought about you yesterday and days before that too.
I think of you in silence I often speak your name
All I have are memories and a picture in a frame
Your memories is my keepsake with which I'll never part
God has you in His keeping I have you in my heart.

No farewell words were spoken,
no time to say goodbye, you were
gone before we know it, and only God knows why.

Rosie the best time working at Bouclair Eglinton location was
working with you. You were the best. We had a lot of great times
together.

You always made Christmas Eve a special day for us. We will
forever treasure those
and lots of other specials memories..

To Mom Dave and Sarah, Rosie always speak of her loving family
and how blessed
she was.

My condolences to you all, words cannot express how sad I fell for
your loss.

I loved Rosie too. She was a great friend and coworker.
I was her Patty.

“ My Rosie, my Sunshine.....

*I carry your heart with me, I carry it in my heart
I am never without it, anywhere I go my dear
And whatever is done, only me is doing my darling
I fear no fate, for you are my fate my sweet
I want no world, for beautiful you are my world, my true
And it's you are whatever a moon has always meant
And whatever a sun will always sing is you. E.E. Cummings*

I will forever hold you in my heart. You are one of the most beautiful, loving, and caring souls I have ever had the honour of meeting. I will miss the long late night talks, the crazy laughter, and most of all the warmth of your smile.

I love you and will miss you but I know we'll meet again. I carry your heart with me, I carry it in my heart.

“ *Written for Rose, My Chat with God*

*He saw you on your knees
He saw you deep in prayer
He saw your need for peace of mind
And to let you know he's there*

*God wants you with him
Of that I'm really sure
Through tears and prayers and anger
Shows him we want you more*

*I've talked to him a lot
He knows we're all in pain
He soothed my heart and whispered low
You'll be with her again*

*Because I need an angel
Whose heart is true and pure
She'll be standing by side
Of that you can be sure*

*She is my lamb I gave her life
I made her a mother I made her a wife
So many roles and shoes she has filled
And home to me that is my will*

*Your's is not to question why
I do the things I do
Just know that I'll care of her
And as well one day you too.*

*When once again you see her face
And see her pretty smile
You'll know that she is happy
And has been all the while.*

*I love you so much and miss you terribly
