“ I'd like to send my sincere condolences to Rosemarie's family. I worked with her at Highland Farms back in the 80's. We would hang out after work at O'Tools and went to a few parties together. We celebrated at a Highland Farms Christmas party, ordered a Limo got all dressed up and had a fantastic time. Godspeed my friend ☐

We just heard the sad news about Rosemarie's passing. We would like to pass on our deepest condolences to the family. Rosemarie worked with my husband and I at BMO. She was a wonderful person, she loved animals and would always comment on our FB posts (of our dog). She will be greatly missed. Carm and Paul Findlay

“ For the first 16 years of my life, my aunt Rosemarie rented the basement of my mom's house. When I was little, I used to wait by the door around 5:45 when I knew she'd be getting home from work, so excited to see her. She used to tell me, just give me a few minutes to unwind and you can come down. I have so many incredible memories of just doing mundane things with her and Brien, like playing Donkey Kong Country, ordering Chinese food and watching Shrek on New Year's Eve, watching TV together (I used to make her watch the real estate channel with me when that was a thing).

Rosemarie was more of a Mom to me than an aunt. She was the one I'd go to when I wanted to vent about my own mother hahaha.

I'm so thankful for the 16 years we lived together and the 36 years I got to have her in my life.

Love you Roogie, I'll miss you forever.

“ My condolences to the family. Rosemarie was one of my best friends. She was the sweetest, kindest and most thoughtful friend anyone could ever have. We talked and texted about anything and everything at least every other day. We laughed, cried and shared life stories with each other. I miss my dear sweet friend and you will forever be in my thoughts and prayers. You no longer need to suffer with pain. I love you, and may you rest in peace my friend.

Dear Rosemarie, I knew you since you were 11 years old. You were my sister-in-law, you were way back when in another life my bridesmaid, and you were a god-mother to my own daughter. I loved you through all the years, and even though the dynamics changed...just life changes I loved you and remembered you with love and kindness always. Our families are linked together in memories..and the little people who are my, and your brothers grandchildren. I will remember and love you for many good times we had way back then. I will remind my grandkids often of what you were to them. I believe we should all know our connections in this life. Be well my lovely girl. We will definitely keep your memory alive for our grandkids. I love you, and thank you much so being so good to my kids, and to their kids...xoxo!!!
