“ Please accept my condolences for the loss of Billy. He left a footprint on my heart, like most of you, with childhood memories. I got lost one time ...it caused quite a stir in the family because I was last seen going up the hill (Director Drive) to go trouting at Clarke's Pond. But I met up with Billy and I went to Little St. Lawrence selling papers with him. We had so much fun ...hitchhiked over, talked to people and were just having a time...No matter when I saw him , he was so happy and talked of our childhood days on the hill and in the meadow playing tips.He will be missed but certainly thought about for a lifetime. May you be blessed with rich memories of this special guy ; I know I am.

“ It has been a long time since I last spent time with Billy. He was one of my best friends growing up. Myself, Loren, Phil and Billy were inseparable during our teen years. We hung around, listened to music, ate lots of pizzas, did community work with the Leo Club, danced, drank (shh), laughed, laughed and laughed again, and learned about life together. My heart goes out to Billy's family as I know they are going to miss him. Rest my friend.

“ *Billy was a wonderful person. I knew him when he was much younger. I was best friends with his late sister. His sister and I once dared billy to offer help to her neighbor who was working outdoors. The dare was that billy would go over with a toy plastic wheelbarrow and look very serious when offering assistance moving gravel. He grabbed the wheelbarrow and off he went, it was hilarious. Selena and I laughed so hard as we watched billy out the window. My condolences to this wonderful family.*

Growing up with Billy was awesome, I remember The first Summer inlab city 1976. We lived in Sept-Iles And went to Labrador with my parents for the summer. We hung around every day together and had lots of fun and laughter. At the end of the summer when we were ready to go back to Sept-Iles We sat on the curb and cried because we thought it would be a long winter without seeing each other. The following summer we moved to Labrador for good and became very good friends. I remember him learning French so he could speak to me in French as well. He used to go to Fermont Because he wanted to learn the language so bad. He mastered it, like almost anything you ever did he did it 100%. Thinking of you today Billy as my heart breaks. I will always remember the way you used to sit to watch TV, sideways. Are used to laugh at that and you used to laugh at that more than us even. You are a great friend and will be sadly missed. My condolences to the whole family as Billy was a very special person that I will never forget. RIP Billy You were one of a kind.

“ I was fortunate enough to have lived with Billy for a couple of years in St. John's, before he moved to Ontario. Billy always had a joke to tell; although often would never make it to the the punchline because he would start howling with laughter! I can still hear his crazy laugh to this day! It was infectious! So even without the punchline, I would be laughing just as hard!

No matter what was going on in his life; and he had some challenges through his life, he always had time for his friends and family! He loved us all! And when you spent time with him; you knew that!

I have chatted on the phone with him over the last few years and from those conversations, I could easily tell that he hadn't changed one bit! He still had lots of funny stories and his heart was full of love for the people he cared about.

Wherever he is now, he is sporting that gorgeous and often devilsh smile and he is either waiting for his chance to make someone else smile or ready to belt out a tune! He was prone to spontaneous singing, as I am sure you all know! Haha.

You will be missed, Billy.

Know that you were loved!

Your cousin, Jackie Roul, Halifax, Nova Scotia.

“ *Billy and I grew up together . We played as toddlers and started kindergarten together. We went to school together up until grade 9. Then I returned to St. Lawrence to finish high school. He was a great friend and could always make me laugh. Just his giggling about something would get me giggling. His laughter was so contagious. Billy I will miss you dearly , RIP my friend , until we meet again. My sincere condolences to his daughter and his family.*
