

## Ryan Paul Robitaille

December 24, 2025

Ryan Paul Robitaille, born May 19, 1989, passed away suddenly on December 24, 2025, at the age of 36, leaving a profound emptiness in the hearts of all who knew and loved him.

Above all else, Ryan loved his sons—Jamison (Steph), Tiberius, and William (Olivia)—with his whole heart. This past year gifted Ryan precious time to create meaningful memories with his boys, moments that brought him immense joy and fulfillment. Being their father was his greatest pride and purpose.

As a young boy, Ryan suffered an immense tragedy that weighed heavily on him throughout his life. This led to struggles with mental health and addiction. Last year, he successfully completed rehabilitation and was making meaningful strides toward returning to work and fully enjoying time with his family again. He could not have done it without the countless hours of support from his caseworker (Fabyan) and family. Beyond his illness, Ryan's life reflected a kind, gentle, and compassionate soul.

He was a caring and devoted father, patient and loving with his children. In recent months, while his father was ill, Ryan stood steadfastly by his side, ready to help in any way he could—a reflection of his loyalty and quiet strength.

Ryan shared a very close bond with his father. They always made a point to say “I love you” whenever parting, even for the smallest errands. Ryan was always eager to lend a hand, and they truly enjoyed spending time together.

He will be forever loved and deeply missed by his father, Gil; mother, Michelle; sister, Niki (husband Jay); and by all who were fortunate enough to know his kind heart. His family is truly heartbroken by his loss.

Ryan’s love will live on through his children and through the many lives he touched.

The family encourages donations to someone you know who may be struggling, or to a cause dedicated to the treatment, awareness, and assistance of those suffering from mental illness. We are hopeful that honoring the solitary life of one man will awaken compassion, unconditional love, and understanding for all those afflicted—resulting in mental health awareness and activism so long overdue.

If you knew Ryan at any point in his life, the family would be grateful if you could share a story or leave a comment on Ryan’s memorial page.

“ *Sending my deepest condolences to the family. I knew Ryan from grade 8 through high school and I am very sad to hear of his passing. I wanted to acknowledge the family and addressing mental health and addiction in the obituary. Too many of us are passing away suddenly with no explanation and I really appreciate you bringing awareness to the reality alot of us have struggled with. By sharing this experience it may help the next person. Sending love and prayers. Rest peacefully Ryan*

“ Ryan was my best friend for a few years when we were kids . There were many summers we spent nearly every day together. Riding our bikes around, playing games or sneaking into Petticoat Creek pool to go swimming for the day . We always put our money together ( loonies,toonies, quarters) and bought a drink and an order of fries that we would always share. HE always took care of me, he was like a big brother and wherever we went I felt safe knowing he was there to look out for me. When we weren't swimming or riding our bikes we were usually at his house bugging Niki(who was always such a good sport about it) watching TV or playing videogames.

I always felt so welcomed by Michelle and Gil, I felt like a part of the family.

I remember one time I helped Ryan clean his room, and Michelle took us out to East Side Mario's for dinner and even let me pick out a stuffed animal Leopard as a thank you, I still have it today, it has been passed onto my son.

The last time I saw Ryan , we were in our early 20s and I happened to run into him at the bar..and he was the same sweet Ryan I knew from when we were kids . Gave me a big hug and seemed genuinly interested in how my life was going.

My heart is broken for the loss of a very good childhood friend .As I write this with tears in my eyes I feel regret not trying to offer any help I could..had I known. I'll forever cherish those memories. Rest in peace Ryan. You're very missed . 💜
