“ Sharyn often told me, "I'd adopt you as my own if I could", we'd have a giggle over it & she'd continue, "what I lack in money, I could give you in love". Whether she was serious or not in those moments, one thing was certain - she had a lot of love to give. It was evident in her long lasting friendships she made where ever she went.

Sharyn will deeply be missed by many, and I offer my condolences to you all. Taking care of Sharyn for all those years at FP will be something I'll always remember

“ On behalf of Beverly Naylor and family we are sending sincere condolences to the Wallace family. Sharyn was a very friendly and kind person. My mom (Beverly) truly appreciated and cherished her friendship with Sharyn at Faith Place. May your happy memories give you comfort and peace during these challenging times.

“ First I would like to give my deepest condolences to the family. I took care of this kind and loving woman for quite some time at Faith Place as one of her PSW’s. We shared so many stories and even after moving to the US 2.5 years ago, we kept in touch. She loved her family deeply as she always spoke of you. She always looked forward to family gatherings. I will always remember her and have many fond memories with her. Here is the last picture we took together just before I moved. May his give you all the strength to get through this difficult time.

“ Anyone close to her knows that Nana hated her photo taken! Growing up, Kyle and I had it drilled into our heads that the "Number 1 rule is Don't take pictures of Nana!". Over the years, we were all able to sneak in a few good photos and this is one of my favourites. We had so much fun laughing and joking around with her this day.
