“ Shirley was a part of my entire life. She treated me like a son and was involved in every milestone of my life. She was a protector, close friend, and I was blessed to think of her as a second Mom. My heart aches at her passing and leaves a void, but, with it, numerous fond memories, countless conversations at the oddest hours, day/night. We could complete a conversation and months later, pick up where we left off. She worked hard, was steady at all times and expected the same of others. She landed me my first part time job some 35 plus years ago and I am blessed to have followed her advice and currently run the business. Thank you Shirl!!!!, this is NOT goodbye, but rather until we see you again. Prayers and condolences to the McVean family. With Love and Hugs

Stuart
