“ Sorry to hear the news. I remember she used to bring me books as a child and National Geographic magazines. I wish we were allowed to socialise more but my family always had to keep a distance for reasons I will never know. She will be missed!

“ Was a pleasure looking after you Shirley. You were always a pleasant individual even though you were lonely when living in your apartment. I watched you laugh and I watched you cry and I felt bad because you spent alot of time alone. May you rest in peace and may you dance in the sky with all the other Angel's.

“ One of the best times I remember is when I was younger. You and uncle Bruce Lori and Tracy came to our place for a visit. On your way home we went out to the garden and got veggies for you to take home. You had a camper at the time. We hid Onions in one of the compartments. Way back behind everything, as uncle Bruce couldn't stand onions. Well I was going home with you guys we barely made it to the old 16. Uncle Bruce pulled over to the side of the road saying he could smell onions. Lori You and I kept saying we couldn't smell any. But he ripped the whole camper apart til he found them and threw them in the ditch. Then complained all the way home all he could smell was onions.

I don't remember how many times I got to go to Toronto to visit you guys. But I had good times visiting with you.

Then when I got to see you, you were my favourite aunt then when I got to see aunt Yvonne she was my favourite Aunt. We always laughed about it. Now I do the same with my cousins. Fondly thinking about you and Aunt Yvonne. I hope you and mom have a good visit with Uncle Boob and Aunt Bernola. I love you, RIP aunt Shirley
